APPEARING IN EVERY AP POLL IN A SEASON

Last year there were thirteen schools that appeared in all 16 Polls released by the Associated Press. Those schools were Alabama, Florida State, Georgia, LSU, Michigan, Notre Dame, Ohio State, Oklahoma, Ole Miss, Oregon, Penn State, Texas and Washington. That got us curious as to which schools had accomplished being ranked in every poll in a given year the most times all-time, so we researched it and below we list the results. Please note that schools NOT currently playing at the NCAA Division I Football Bowl Subdivision level are listed in *Italics*. We list the totals decade-by-decade with the grand total at the end.
